

# *Cypress and Native Forest Management Field Day*

*Thursday 30th June*

*9am – 3pm*

*Claravale –*

*5003 Warrong (Tooloombilla) Rd*

*Mitchell*

*(about 33 km nth east of Mitchell)*

## *Topics for the day will cover:*

We like to start the day in the shed going through general forest management theory, legislation, fire etc and then head out into the paddock to go through the application of the theory in the field, we cover

- The latest update on Legislation, Code of Practice and vegetation mapping,
- Trigger Maps, & Notification of a Forest Practice
- Fire management
- Forest Assessment
- Current timber products and what they are worth,
- Organising an harvest, dealing with contractors etc
- Optimal tree stocking— selecting the best trees to retain to optimise grazing and timber production
- Managing grazing stocking levels within a forest environment

**We provide tea coffee and smoko, bring your own lunch, water and folding chair**
