

Policy 002

Environmental Policy

Statement

Private Forestry Service Queensland is committed to protecting the environment, health, and safety of our Employees, Sub-Contractors, Volunteers and Customers. Private Forestry Service Queensland is also committed to the continual improvement of our environmental safety performance whilst still being environmentally responsible. We recognize that by integrating sound environmental management practices into all aspects of our business, we can offer technologically innovative services while conserving and enhancing environmental resources for future generations.

Commitments

As an organisation, we commit to:

- Minimise and where possible eliminate all environmental risks.
- Carry out our activities in a manner that will reduce our impact on the environment.
- Set objectives and targets which promote the efficient use of energy and resources, the minimisation of wastes and emissions and the prevention of pollution.
- Ensure compliance with all relevant environmental legislation including but not limited to the Environmental Protection Act of 1994 and Regulations.
- Hold all stakeholders in the operations we undertake, responsible for the environment and environmental issues.
- Allocate the required resources to maintain an appropriate level of environmental safety.
- Provide effective and meaningful processes for consultation to employees regarding issues that affect the environment.
- Require all staff to manage environmental issues using standards and practices that accord with this policy.
- Require sub-contractors to manage environmental issues using standards and practices that accord with this policy.
- Regularly review our environmental performance.

Wood**

RW/1-21-23

In implementing this policy Private Forestry Service Queensland will engage with all stakeholders and communicate expectations and responsibilities to all persons working with or on behalf of Private Forestry Service Queensland.

This policy is an integral part of our total management plan. Our goal is to have zero environmental issues or incidents within our workplace. This can only be achieved through consultation and co-operation between management, employees, volunteers, sub-contractors, and customers.

A Safe Environment is Everyone's Responsibility

This policy will be made publicly available and communicated to people within our organisation.
